

CAF CONTRACT SEATING

FUNCTION BY DESIGN

arrow®

A curved back and arched arms with optional wood arm-caps and solid wood legs lend a timeless elegance to our arrow® series of lounge seating. A modern powder-coated tablet arm option adds yet another dimension to the arrow® club chair making it suitable for more relaxed training sessions and working lounges. The arrow® is manufactured using only top grade materials, and is handstitched and upholstered to our uncompromisingly high standards.

On the outside, arrow® is comfortable and inviting, but on the inside, it is fabricated using a welded steel frame and high quality webbing, making this series as durable as it is aesthetically pleasing.

The arrow® lounge seating series is designed by Conrad Marini.
